WORLD

BUILDING BRIDGES THROUGH BUSINESS

INTERN ABROAD

The WYN Global Internship Programme, an initiative established in 2007 by the World Islamic Economic Forum Foundation, is designed for the purpose of identifying and nurturing young leaders in the Muslim world through internship/apprenticeship exchanges in reputable corporations across the globe. This Programme offers students an opportunity to experience working life in a different country, to embrace the different cultures in the Muslim world, and get to know different people while at the same time benefit from professional and leadership skills and world-class best practices at work.

PROGRAMME SUMMARY

WYN INTERNSHIP EXPERIENCE

During the internship period, students will undergo a management training course of 1-2 months in the corporation and will be able to learn basic leadership and management skills, before embarking on the full-fledged internship programme which will last 6 months*. If selected and depending on performance, students will get a chance to pursue another 6 months under an intensive programme to nurture potential full-time employees of the corporation.

**This does not apply to year 1 and 2 undergraduate students on a 3-month summer internship placement*
